Look, I not trying to start an argument with you  
But you haffi tell me what it is that you want  
I mean, your career is putting us in two different places  
And I'm, to be honest I don't know if I can live with you like this anymore  
Just tired to be alone  
I don't know what you want me to do boy  
You just... you... I mean, you're never around

Well I'ma do my thing like this  
Rock to di riddim like this  
They love me when I sing like this, like this, like this  
Well I'ma roll my spliff like this  
They call me when I get like this  
And take a lickkle lift like this, like this, like this

Have no idea what you're facing  
But on some plain, we all go through the same things  
So I'ma send these thoughts to you  
With nuttin' but love, with nuttin' to prove, nobody be blaming  
And I trust you gave into some cravings  
But haven't we all been through those phases  
So whenever you make it back I'm waiting  
With open arms, forgive move on, no love's gone

So I'ma do my thing like this  
Rock to di riddim like this  
She love it when I sing like this, like this, like this  
When I'm up in that groove like this

We haffi get up and go baby and break limits  
Look at me three in a row  
How was you sane wit' it?  
And plus I told you one was in the brain
