Haffi drop a classic today  
And me grow pon classic, so classic me say

Soon as Buju did talk it me spark it up  
Them time me khaki up  
Go record store  
Find money fi fork it up and cough it up damn

All I wanna be is Righteous  
But see my family deh they might buss  
So watch you speech when you sight us  
Nuh because you see we a rise up  
Sometimes I feel like a might just  
Lef' my enemies inna my dust  
Who dem a pree them a size up (dem a pree)  
You nuh see me and my people happy

My mind tell me go then tell me don't do it  
Even these righteous minds they go through it

Thoughts turns to words then actions so fluid  
Wake up and notice all that I've ruined  
And all that I'm doing is trying to be a better me  
But these evils try fi take a set on me  
And this world can make you so cold  
Can't dig fi dirt and want fi find gold  
Oh no!

All I wanna be is Righteous  
But see my family deh they might buss  
So watch you speech when you sight us  
Just because you see we a rise up  
Sometimes I feel like a might just (yeah man)  
Lef' my enemiesinna my dust  
Who dem a pree dem a size up (who)  
You nuh see me and my people happy
