Social psychologist  
Personality theory  
Three schizophrenics in a room  
Each one believing they're Christ  
Joseph, Clyde, Leon  
Rotating chairmanship  
Second verse of America  
Sometimes the first

Joseph protects England  
Thus the whole world  
Throws his books out windows  
Now they breathe real good  
Leon says he's a walking corpse  
Davy Jones alive  
He'll be there in Ypsi all his life

You better tell someone who you are  
'Cause they might change  
You better tell someone who you are  
Your mind could rearrange

Clyde was a farmer  
But now he owns the world  
Fifty thousand carloads  
Of money, gold and jewels  
Shoots quicker than the devil  
The old man still could punch through walls  
He'll be there in Ypsi all his life

You better tell someone who you are  
'Cause they might change  
You better tell someone who you are  
The damage of insane

Leon walks with arms down  
Palms facing out  
Call me not Interference  
My name is I.R. Dung  
If I see my hands, sir  
I know they do no wrong  
He'll be there in Ypsi all his life

I want to be me  
All of my life  
I want to be me  
All of my life  
I want to be me  
All of my life
