

Blue Sheen

Provoker

I let it sink
Unsighted plight aw yeah
I said it
I do this all the time
I know it
I know its fake
What will it take
To do this all again

You should have stayed back
I should have saved that
You shouldn't say that
I should've stayed back

Paint my face
Draw the lips
Blue sheen
On my eyelids
Late talk
On the phone
Said you wanted me
But I know you don't
(Hahahahaha)
I know you really don't

I should have stayed back
You should have saved that
I shouldn't say that
You should've stayed back
