

Memory Overwrite

Provoker

I let you fall by the wayside
I saw the sign from the bedside
How could I manage to break ya
All in a motion to make up

I said it all you have my word
I couldn't find another word
To say it's okay Is dishonest
I can't disengage on a promise

We're not so special are we
Special
We're not so special are we
Pressure
I feel the pressure on me
Pressure
I feel the pressure on me

Pictures from a time
When you were mine
Memory overwrite
You'll phase out of my life

You'll get everything that you want
All fours on the floor like a dog
Give me all your pain cause I want it
I can't feel a thing when I'm on it

(Ohhh)
(Ohhh)

I said it all you have my word
I couldn't find another word
To say it's okay Is dishonest
I can't disengage on a promise

We're not so special are we
Special
We're not so special are we
Pressure
I feel the pressure on me
Pressure
I feel the pressure on me

(Ohhh)
(Ohhh)
