

Re-Per

Provoker

Yeah I know I'm a goner
I can hear it in my conscience
Open mouth like I'm rigor-mortis fixed on my computer

Take my name take my name Reaper take my name
Take my name take my name Reaper take my name
Take my name take my name Reaper take my name
Take my name take my name Reaper take my name

Goner
In my honor
Gone longer
Growing fonder
Goner
In my honor
Gone longer
Growing fonder

Now I'm living in the future
Stuck inside me like a tumor
When the pain stops I get looser
Making friends with my abuser

Take my name take my name Reaper take my name
Take my name take my name Reaper take my name
Take my name take my name Reaper take my name
Take my name take my name Reaper take my name
