

## Spawn Kill

Provoker

I'll wait my turn  
Go have your fun  
But at a cost  
A web is spun for you  
Don't wanna talk  
A web is spun for you

What'd you say  
Come again  
Take all my pain  
To you I send  
What'd you say  
Come again  
In disarray you will descend

Spawn inside  
Back to life  
Swing the knife down  
Spawn inside  
Back to life  
Swing the knife down

What'd you say  
Come again  
Take all my pain  
To you I send  
What'd you say  
Come again  
In disarray you will descend
