

## Feeling Nothing

Próxima Parada

So many stories scribbled in this book  
Some of them tales and some of them the truth  
Can't tell if I'm in the ocean or standing by the shore  
So shook

I wanna be everything all at once  
I wanna be strong with a soft touch  
I wanna be perfect on all fronts  
But I end up feeling lost  
I end up feeling nothing

Am I insulated, sheltered from the cold?  
Am I isolated or supported by this world?  
I swear you could see right through me  
But I'll celebrate I've grown so soft

I wanna be everything all at once  
I wanna be strong with a soft touch  
I wanna be perfect on all fronts  
But I end up feeling lost  
I end up feeling nothing
