

I've Known You All My Life

Prozak

We've only just met and yet
I feel like I've known you all my life
We just said, "Hello" I know
But still it's like I've known you all my life
(Known you all my life)

The things you like to do
The things that make you blue
Somehow I know them all so well

And when I see you smile
It's not a stranger's smile

'Cause everything about you rings a bell

We've only just met and yet
I feel like I've known you all my life
(Known you all my life)

And I've kissed you all my life
(Kissed you all my life)
And I've loved you all my life
(Loved you all my life)

In my dreams
(Loved you all my life)
