

## BACK TO REALITY

PRYVT

What if I move on, carrying your secrets  
Would you be happier for me, smiling back at me  
I'm starting to realize what you were like  
With moments that are passing by  
With fear of why the silence keeps growing longer

I wish I could tell you what you meant to me  
With everything that you've given me  
Cause it's not just all the memories, but apart of you that's apart o  
f me now  
No matter how much I think and reminisce  
Just knowing that you're never coming back  
(I've been looking around)

I, I've been alright  
Don't look back it's fine  
Forget about me, our story will live forever as long as I believe  
I, I'm running in circles till my feelings numb  
She's calling, my love is  
Don't want to leave so stay with me  
My time is rewinding, I'll never forget  
I'll find you, wherever you are don't you worry  
About, bout

I'm thinking about it, was it worth it? Why did it matter  
I knew what you meant to me, cause you're all that I hear and see  
Now I'm all alone looking back, was it enough? Did I give all I had?  
I should've known better but now you're gone from me  
And its killing me

I wish I could tell you what you meant to me  
With everything that you've given me  
Cause it's not just all the memories, but apart of you that's apart o  
f me now  
No matter how much I think and reminisce  
Just knowing that you're never coming back  
(I've been looking around)

I, I've been alright  
Don't look back it's fine  
Forget about me, our story will live forever as long as I believe  
I, I'm running in circles till my feelings numb  
She's calling, my love is  
Don't want to leave so stay with me  
My time is rewinding, I'll never forget  
I'll find you, wherever you are don't you worry
