

believe

PRYVT

'Cause, darling, I just wanted to believe (Oh-woah, yeah)
Passing by like you're a stranger
A story that will never unfold
Time will heal, time will seal, all our wounds up
Seasons changing, it's getting colder
With you, I thought I'd fell forever
Ooh-woah, ooh-no, yeah, yeah

Ooh-oooh-oooh
Ooh-no-hm

Out of mind
You never were meant to stay
Passing wind, out of place
Take away, a smell I can't go erase
Now it makes all these days
I'm hopeless romantic
I'm lost in the moment
Don't know who I'm waiting

'Cause, darling, I just wanted to believe (Oh)
(What are you waiting for? What are you waiting for?)
I just wanted to believe, oh-yeah (Oh-yeah)
Passing by like you're a stranger (Passing by like you're a stranger)
A story that will never unfold (Story unfold)
Time will heal, time will seal, all our wounds up
Seasons changing, it's getting colder
With you, I thought I fell forever
Ooh-woah, ooh-no, yeah
