

PALETTE

PRYVT

Keeping me awake
I'm thinking of
How there's so much at stake
I hope that you're like me
I hope that it's only me
You're talking to
I sit here and I worry
Till I'm over my head

Cause I'm scared
Don't want to be left alone
But with you, I can forget and try again

Spare me
I don't know what love is
Can you tell
I'm moving so cautiously

But you're why
I feel alive
And how you make
It seems alright
I see color for the first time
In my life

Don't want to make it seem like
It's all infatuation
But how you're always making me feel so blue
I want to do it right, do all of what you like
To get you all the flowers that will never ever die

Cause I'm scared
Don't want to be left alone
But with you, I can forget and try again

Spare me
I don't know what love is
Can you tell
I'm moving so cautiously

But you're why
I feel alive
And how you make
It seems alright
I see color for the first time
In my life
