

## Blue Frog

PSY

Ever since I was young, I couldn't hear other people's words  
Was it because I was young? But even now, I can't hear them  
What I heard the most as I lived is: If you keep this up, what will you become?

What I wanted to say to most as I lived is: I'll be fine on my own

Yeah, I'm a blue frog - no matter what anyone says, I am me  
Even if I'm a frog in a pond, I'm happy - yes, that's just me  
Yes, that's just me

Blue Frog

Blue Frog

Even if I think it's right, if someone tells me to do something, I won't listen

Even if I think it's wrong, if someone says it's right, I go against them  
What I heard the most as I lived is: I'm doing this because I'm worried about you

What I wanted to say to most as I lived is: Please go worry about yourself

Yeah, I'm a blue frog - no matter what anyone says, I am me  
Even if I'm a frog in a pond, I'm happy - yes, that's just me  
Yes, that's just me

Let's Go

Ribbit ribbit, the frog is loudly, loudly, loudly shouting  
Two blue frogs are singing - it's breathtaking

"It's as if you purposely do the things I tell you not to do"  
Calling me a sad child that didn't get any attention? Do you know me?  
You don't know me, what you think is just whatever - I just do what I want to

I'm a crazy person, I don't care what others think - no matter what anyone says, I do it my way ay  
Just watch, see who ends up better in the end - you will be embarrassed  
You will like me

Yeah, I'm a blue frog - no matter what anyone says, I am me  
Even if I'm a frog in a pond, I'm happy - yes, that's just me  
Yes, that's just me

Blue Frog

I'm not wrong, I'm just different  
If you say it's a problem, then it's a problem
