They say the grass is greener on the other side
They say everything I do is kinda awkward right?
Does that mean that I should die?
Or that I should live a lie?
I got a weird accent but still I rise. Its alright.

SCREAM! SCREAM! Scream till your throat burns
Go crazy crazy! Jump up with me! Let your heart skip a beat!
Those who tell me to calm down
Who the hell are you to say that now?
Don't worry! Forget it! Step up! and JUMP OFF!

Right now! 180 degrees! Spin round and round!
I'm about to go crazy right now!
Right now! On The 63 Building and up above
I'm about to jump off right now!
Right now! [x3]

They say that this ain't even funny
Are you playing games honey?
He's alone beating the drums
What a strange scenery
Forever during this lifetime
You can never kill my spirit
I wont be left in the dark
I'm too cool for that y'nam sayin?
SCREAM! SCREAM! Scream till your throat burns!
Go crazy crazy! Jump up with me! Let your heart skip a beat!

There's a reason for everyone to exist

Right now! 180 degrees! Spin round and round!
I'm about to go crazy right now!
Right now! On the 63 Building and up above
I'm about to jump off right now!
Right now! [x3]

Abra Cadabra like magic yo
