

Exhale

Psyche

Take your time
Reach inside
Feel the fire begin
The blood is rising
I'm falling down
Here my only love is found

Sometimes I'm turning blue
Sometimes my skin is turning blue
When you touch me

For this temptation
Our love to be
The romance was a bad joke
And when it ended
You couldn't see
That we'd gone up in smoke

When I was blind
You gave me light
To touch the fire again
Now I can see
The burning sign
So take your love away

For this temptation
Our love to be
The romance was a bad joke
And when it ended
You couldn't see
That we'd gone up in smoke
