

# Freaks

Psyche

Private desires  
Secrets locked away  
Thoughts you never wanted to share  
How did they get there?  
Where is the crime?  
Where is the fear?  
When you're near the edge?

Freaks  
Do you see them?  
Freaks  
Do you hear them?

No one knows you're here  
No one is listening  
Under surveillance  
The camera is loaded  
I can hear you breathing  
I want to capture you  
Steal this moment  
Do you see the freaks?
