

Hypnotized

Psyche

This is the hallway of seduction
This is the hunger never satisfied
Inexistence no protection
You are caught in the headlights
Overdosed on appetite
Ravenous at midnight
Lock the door behind you

Hypnotized
Nothing sacred here tonight
Hypnotized
Blind until the morning light

In the glaring neon twilight
Til there is no place unknown
Skin's voracious appetite
Hunger deep into the bone
Overdosed on appetite
Lock the door behind you
Beat me, bite me
Feed me, spite me
Bruised and bleeding
Always needing
