

## Lost Innocence

Psyche

On the other side of the carousel  
A clock is sketching minutes from the wall  
Ghosts of a distant memory  
A vision of what used to be  
Somewhere a heart beats faster  
At the sound of telephone

Lost innocence - sold on the streets today  
Lost innocence - a dream was so far away  
Lost innocence - a price that you had to pay  
Lost innocence - how could you be lead astray?

On another side of the city lights  
A brave new world rises as you fall  
Remembered or just make believe?  
A message of what used to be  
Somewhere you least expected  
"Goodbye to everything I own"

Lost innocence - sold on the streets today  
Lost innocence - a dream was so far away  
Lost innocence - a price that you had to pay  
Lost innocence - how could you be lead astray?
