

# Maggots

Psyche

Always looking for an insult  
Well I can't talk to you  
I've got something on my mind  
Something on my mind

And like a maggot It's eating me up inside

Watch out for the heartless  
Waiting for the kill  
And as the violins sail  
To quote the virtues of despair  
Quote the virtues of despair

Ooh like a maggot  
It's eating me up inside  
Eating me up inside  
It's crawling inside my flesh  
Crawling inside my flesh!
