

# Salvation Stranger

Psyche

What did you expect to find  
Waiting all alone?  
Without a cross to bare  
In this haunted home  
I can't believe there was ever a choice  
But I've got to try

Somedays are like magenta  
Colours out of time  
Will I ever find salvation  
In this world of mine?

Dwelling like strangers  
In this castle of pain  
Feeling safe with the danger  
Then laying down the blame

Somedays are like magenta  
Colours out of time  
Will I ever find salvation  
In this world of mine?

Living In the grey world  
Hoping to save time  
Holding frozen pages  
Unforgotten rhymes

Somedays are like magenta  
Colours out of time  
Will I ever find salvation  
In this world of mine?
