

Thundershowers

Psyche

Now I can't be sure of my feelings
Whether they are right or wrong
Whether they are right or wrong
I'm running off in all directions
And I'm hoping that it's not
Going to take this long
And there's a price you pay for pride
But who can I trust?
Now who can I trust?
I'm surrounded in a light opens all around me

Thundershowers in ivory towers
I see the rain coming down
It's coming down on you

When the sun comes up
I'll leave this place
And start looking for another life to live
It's all in the dreams you're dreaming
It's all in the amount of time you give
People will come back and people will go away
But the ones you trust are not the ones
who wish they stayed
I see the rain coming down
It's coming down on you

Thundershowers in ivory towers
Coming down on you
But what's important is experience
And by that time you will know
Over and over they'll come back again
But what's important is experience
And by that time you will know
