

Until

Psyche

Even when it falls away
Then the words escape me
Every night it seems like murder
You wander in the rain

I look into uncertain eyes
And I see it all

Avenue of broken dreams
Watched it from afar
No more sleep
Out of focus
Until

Can't even stay in character
Can find no resting place
Until

This avenue of broken dreams
I can see it all
Look into uncertain eyes
Watched you from afar
Until
