

## Dependant On Mary

Psychedelic Porn Crumpets

Long nights in a summer's sweat  
I've been living with the internet too long  
So I'm trying the bohemian life  
But the panels flew off my barn roof  
So now I'm lying here  
In the bottles of beer  
That are empty like my bank account  
My broken car, broken phone  
Don't wanna be in my barn alone  
No more when I'm dependant on Mary  
But she won't be with me

She's a stone headed woman

She don't notice  
When I ask for her  
Always crowded  
By the world around  
And it's all in slow emotion

She don't notice  
When I ask for her  
Always crowded  
By the world around

And now I'm dependant on Mary  
But she won't be with me

She's a stone headed woman

You rolled my head into all these problems  
Rolled my head into this indulgence  
Rolled my head straight off into my heart  
And I can't say no

She's a stone headed woman  
She's a stone headed woman
