

Piling at the ABC
Nothing but death looming over
I got to know him like I know me
Through a hole in my oculomotor
Losing a finger's a guarantee
Tom lost a hand moving walers
I lost a brain staring at concrete
Fuck that for entertainment

I said fuck this, fuck this
I'm out I quit
I said fuck this, fuck this
I don't ever wanna be coming back here

I quit, I don't belong in this, yet I belong
I'm out, I don't belong in this shit at all
I'm out, out, out of here, I quit

Man, I don't get work
Man, I don't get work
Man, I don't get work
Man, I don't get work

"You've been living in another dimension", my old man said
"You've been living in another dimension", my old man said
"You've been living in another dimension", my old man said
"You've been living in another dimension", my old man said

I quit, I don't belong in this, yet I belong
I'm out, I don't belong in this shit at all
I'm out, out, out of here, I quit
