

Keen For Kick Ons?

Psychedelic Porn Crumpets

What do you mean when you say
What's going on? Qu'est que c'est?
You're looking good with purple hair
I bet you're used to the debonairs
Buying you drinks, taking you out
I'm living rough but you're worth a shout
I know a joint where beers are cheap
I used to work there but they recently fired me

What's her name?
I think she did tell
Though I am drunk I can't recall
Wanna go outside, smoke a Bali dart
Chat about life and festivals you wanna attend?
But your job won't let you take any time off then
I said quit, buy flights and commit
Everything will work itself out
She said her horoscope was definitely right
"I like it when you talk in that vibe"

What do you mean when you say
What's going on? Qu'est que c'est?
You're looking good with purple hair
I bet you're used to the debonairs
Buying you drinks, taking you out
I'm living rough but you're worth a shout
I know a joint where beers are cheap
I worked there once but they fired me
'Cause I lost my lungs singing Queen

Then she said
"I'm gonna go and get a taxi with my friends
Are you keen for kick ons?"
All night long
She says you can interpret that how you want
"I'm gonna go and get a taxi with my friends
Are you keen for kick ons?"

4 AM, there's fuel in the tank
I ain't ready to call it yet
"What you got in mind? ", she says with a smile
Everything will be shut unless you like Chinatown?
I've been buckled there so much that they give discounts
She said "Great, it's early or late
What category would you class yourself?"
I said the night is young and we're still alive
"I like it when you talk in that vibe"
