

## Slinky / Holy Water

### Psychedelic Porn Crumpets

Who's gonna lead you out of the darkness?  
How do you see the world from a bedroom?  
I don't think you're real, sometimes  
What if all we are is a memory?

Holy water, no use trying  
I could sleep in the gutter for all I care  
Make me see through, underwater  
I don't know how to deal with the world coming

Holy water, no use trying  
I could sleep in the gutter for all I care  
Make me see through, underwater  
I don't know how to deal with the world coming
