

Without You Here

Psychopunch

Days have passed and I just don't know what to do - want to tell you how I feel Baby you know I'm not ok Miss your pillow in my bed - Will you hold me once again Some other time - some other day

Can you tell me what you see - Blood red sky and deep blue sea

When I feel the way I used to do with you - I lose my sense - I lose my mind I can not sleep I think of you Never felt this way before - your beauty makes me feel alone What can I say - what can I do

Can you tell me what you see - Blood red sky and deep blue sea

Long lonely summer - long lonely days - long lonely nights - without you here Long lonely summer - long lonely days - long lonely nights - without you here

Want to tell you what I want to do with you - close your eyes and count to ten And hold your breath and dream away Satisfaction guaranteed - the only words you have to say Will you come back to me some day

Can you tell me what you see - Blood red sky and deep blue sea

Long lonely summer - long lonely days - long lonely nights - without you here Long lonely summer - long lonely days - long lonely nights - without you here

The road back home - well I know it leads to you There is nothing else that I rather do Than come back home - come back home
