Gonna teach you how to flop

First you put your hands on the ground  
Then you put your face on the ground  
Then you put your whole body on the ground  
And now that you're down on the ground it's time to...

It's time to flop, flop  
Floppin' all over the floor  
It's time to flop, flop  
You know you flop good when you look like a trout  
Trying to get air but you can't, 'cuz you're a trout  
On the dance floor  
That's the way to flop, flop  
That's the way to flop

Hey, watch me flop  
Ladies love my moves like [\*ahh\*]  
Hey (ooh) let's all drop  
To the floor and flop flop flop flop

Don't you know the flop? It's the hottest dance around man  
When I hear that beat you know I gotta drop then  
Shake my body like a fish up on the dock man  
This the flop can, you do the flop can  
You convulse yourself looking like a salmon  
Swimming up river to the mating beds

You gotta flop, flop  
Like a fishy fishy flop  
Come on everybody flop  
Get down on the ground face down  
And flop flop around, flop to the sound  
Like a trout

I want to teach you how to flop  
I want to school you how to flop  
I want you to get down to the floor  
Get down, get down, and do the flop  
I want to teach you how to flop  
I want to school you how to flop  
I want you to get down to the floor  
Get down, get down, and do the flop

Ooh you flop so good

Trying to get air but you can't, 'cuz you're a trout  
On the dance floor  
That's the way to flop, flop
