Psychostick

I've been stuck at this stupid job for far too long now, and I just dont know how much more of it i can take before I lose it.

How can people that you see every day, turn so evil when they come in to pay?

For a burger and some fries and they yell, I swear I must be analytic

May I help you?

Tell me how your doin on this very lovely day, would you like to try a double bacon burger with a shake?

I can fake a smile like a kind you've never seen, cuz my managers a bigger douche than you could ever be.

Leave me alone, I've got work to do.
Leave me alone, I've got work to do.
Leave me alone, I've got work to do!
LEAVE ME ALONE I'VE GOT WORK TO DOOOO!

Dozens they come then go and they come and then they go they come in one after the other.

Dozens they come then go and they come and then they go they come in one after the other.

I dont think that I can take another day but I have to pay the rent or I am gunna get evicted.

I dont wanna go to work but I must, modest pay, turn away in dicust!

Deal with people that just like to complain, theyre sadists and they love to dish out....

Lemme get the manager.

Tell me what is the promlem, is there something I can do, have you got yourself a bother here that I can help you through?

I am very sorry that we got your order worng, if you give me just a second I can fix it in a jiffy....

No no, its cool I dont even wanna go home, especially not after a twelve hour shift with NO lunch break, my reason for living is to serve YOU, you know why, because the customer is always right, RIGHT?! THE CUSTOMERS ALWAYS RIGHT!!!!
