

# CATASTROPHIC

**Psyclon Nine**

What you want. What I had  
What you need. What's gone bad  
My hate is all that I have left  
Look into my eyes and see the devil in me  
It's catastrophic that you seem to see  
The best I have to give is catastrophe  
What you want. You can't have  
I can't be a true friend. Nothing matters
