

# Endless Wandering

Psycropic

Never known how it came to this  
Struck down in a cold dark world  
No exit - no escape is how it seems now  
Aimless wandering through your mind's eye  
Try to capture a breath in the wind  
Avoid the challenge - the hardened truth  
Can't hide forever

There's no escape  
Don't cry to me, I'm not your friend  
These darkened tales they can't be stopped

A sleepless dream world can't feel what's real  
The nights all seem to be the same  
The world was once in the palm of your hand  
Where has it gone now

There's no escape  
Don't cry to me, I'm not your friend  
These darkened tales they can't be stopped  
We are the same  
You'll never lose me, we are one  
The more you try the harder you'll fall

Accept your life no need to pretend  
We won't forget  
This sleepless world ends not with me  
You will see  
Once desperately roaming in the fog  
Come walk with me  
The remedy  
Human elements stripped back to an empty shell
