

MARCH MADNESS

Public Enemy

[?], you're still hearing shots?

[?] in the released 911 call
You hear a teacher asking for help
As she also tries to keep her students calm

Right, Left, Left, Right, Left
Right, Left, Left, Right, Left

Now I'm America's nightmare
[?] black millionaire
Checking these crooked politicians who ain't playing fair
Shut up! Too much talk—we know you don't care
Kids make a wall, hands in the air
Yeah boyyy
We still gon' bring noise
The troops will deploy
Word up. Better run, better run
Better run, run, run
And 911 is still a joke
So no, motherf*cka, you ain't getting my vote
Said you don't want the smoke
Flavor Flav is the G.O.A.T
I don't need to throw hands, I got bands and bands

March Madness
Tell 'em who's the baddest
Step into the blackness
March Madness
Tell 'em who's the baddest
Step into the blackness
March Madness
Tell 'em who's the baddest
Step into the blackness

Right, Left, Left, Right, Left
Right, Left, Left, Right, Left

Trigger happy, how I wanna ask a question
Does a gun need to be in a school to teach or nones?
Kids supposed to have fun, none of this run for cover for your life, son
Grades 1 to 12, even kindergarden, needs security
From this sick trend started left-right marches to the courtyard
Lines of school personnel escaping from this hell
Over and over again, dream turned nightmare
Parents dropping off their children in fear
Lawmakers acting scared off the NRA refusing to change year after year
Let them fall down the stairs to get out of the building, full of blood-
stained tears

March Madness
Tell 'em who's the baddest
Step into the blackness
March Madness
Tell 'em who's the baddest
Step into the blackness

March Madness

Tell 'em who's the baddest

Step into the blackness

March Madness

Step into the blackness

Right, Left, Left, Right, Left
