

Now

Now pay no heed

Don't care for you

These things in ease

These things in ease

These things in ease

You can generalise

Very easily

These things in ease

These things in ease

These things in ease

Walk and talk

Dysentery

These things in ease

These things in ease

These things in ease

Susan and Norman

You're so normal

Susan and Norman

You're so normal

Procreation

Have a nice day

These things in ease

These things in ease

These things in ease

What makes you happy

Your misery

These things in ease

These things in ease

These things in ease

Susan and Norman

You're so normal

Susan and Norman

You're so normal
