

The Pardon

Public Image Ltd.

I think you need me now
From chapter to chapter
I'll never let go
I have an appetite
Follow these rules of life
Never the same thing twice
(repeat)
Admire the scenery
It's where I left it last
This room now has a view
It's nearly night at last
The ceiling seal of ice
These walls and windows have your eyes
Almost a honeymoon
I feel clean inside
This body beautiful
This body beautiful
This body beautiful
This body beautiful
I think you need me now
I'm from chapter to chapter
I never let go
I had this appetite
Follow these rules of life
Never the same thing twice
Admire the scenery
It's where I left it last
This room now has a view
It's nearly night at last
The ceiling seal of ice
These walls and windows have your eyes
Almost a honeymoon
I feel clean inside
I'm safe inside this body
Body beautiful
