

Blue Heaven

Public Service Broadcasting

I know I'm different
I do as I please
A spark inside that I can't hide
A mystery
I dream of the big screen
Marlene up in lights
I am my own creation
I'm in my blue heaven

I like to show it all
Exposed in their unmade beds
I got a mission now
Doing things they won't forget
And how they light up my face
So they can find their own grace
I am my own invention
Yeah I'm in my blue heaven

Let you down, let you down, let you down, let you down
I won't let me down, let me down, let me down, let me down

Noch einen Koffer in Berlin [still keep a suitcase in Berlin]
Suddenly they want me back
Aber nein, bitte, danke, für die Freiheit bleib ich stark [but no, please, thanks, I stay strong for freedom]
Am I the moth or a flame?
As long as I play my game
I am my creation
Yeah I'm in my blue heaven

Let you down, let you down, let you down, let you down
I won't let me down, let me down, let me down, let me down

Und Schnitt, Montage, Totale, Aufnahme Geräusch und Musik und Dynamik und Sprache
Marlene im Licht, Kostüm ist eine Pflicht
Selbstbeherrscht und kühl ist mein Gesicht
Und ich bin mein Produkt ganz von mir gemacht
Ich bin mein Produkt ganz von mir gemacht
[and cut, montage, long shot, recording, sound and music and dynamics and language, Marlene in the light, costume is a must, my face is self-controlled and cool
And I am my product, totally made by myself]

They call me a traitor
They spit in my face
But I'm in my blue heaven
Blue heaven
Blue heaven
Blue heaven

Let you down, let you down, let you down, let you down
I won't let me down, let me down, let me down, let me down
Let me down
