

Baby You Da Best

Puddle of Mudd

Through the scene at the Sunset Junction
Walked into you, well, ain't love something?
Could you be, should you be, would you be mine?

Lighting strikes, show me the way
Gotta roll it back to that day
I saw you first, couldn't I just die?

I say I'm strong
I'm probably wrong
Yeah, I say a lot of things
But when it comes to you
You know my aim's true

And I say you grab the keys and I'll grab the car
Gonna steal away into the stars
Like fireworks shot on the Fourth of July

Baby, you da best, gonna break my heart
I hope you don't leave me for a bigger star
'Cause I saw you first
Now wouldn't I just die?

I say I'm strong
But I'm probably wrong
'Cause I say a lot of things
But when it comes to you
Well, I'll see things through

I say you, baby, you da best
Dusted all the rest
Baby, you da best
Baby, I say you, baby, you da best
Dusted all the rest
Oh, baby, you da best

You helped me see the truth
The pain you helped me through
Baby, I'm with you

I say I'm strong
I probably don't say I'm wrong
Enough
Yeah, I say a lot of dumb things
But when it comes to you
Oh, my heart is true

I say you grab the keys and I'll drive the car
We're gonna steal away into the stars
Like fireworks shot on the Fourth of July

Baby, you da best, gonna break my heart
I hope you don't leave me for a bigger star
'Cause I saw you first
Now wouldn't I just die?

I say you, baby, you da best

Smoked out all the rest
Baby, you da best
Baby, I say you, baby, you da best
Dusted all the rest
Baby, you da best

You helped me see the truth
The pain that we got through
Baby, I'm with you

You grab the keys and I'll drive the car
We're gonna steal away into the stars
Like fireworks shot on the Fourth of July
