

Everything

Puddle of Mudd

Smoke fills the room when you're passing through
Shiny little diamond, gotta get with you
Come, come, come, come give me a tiggobitty taste of you
You're on my rider
Quit playing hard to get, baby, it ain't no sweat
On my Grand Sport '63 Corvette
Slide in a little bit tighter

You are my everything
You are my one and only
You are my saving grace
You are my everything
You are my one and only
We'll fly into the Heavens together
Together, together, together

Oh, she's so smooth, she's the baddest thing
C-c-c-come on baby, spread your little diamond wings
Just sing along into my big old microphone
Let me show you how the West, how the West was won

And then we're gonna take over the city
We're gonna be s-s-s-sitting pretty
Looking at me like you're gonna get crazy
Possibly, definitely, maybe

You are my everything
You are my one and only
You are my saving grace
You are my everything
You are my one and only
We'll fly into the Heavens together
Together, together, together
Forever
Ever, ever

You are my everything
You are my one and only
You are my saving grace
You are my everything
You are my one and only
We'll shine into the Heavens forever

You are my everything
You are my one and only
You are my saving grace
You are my everything
You are my one and only
We'll fly into the Heavens together
