

## Firefly

## Puddle of Mudd

Chains  
Layne  
Pain  
The same  
As yesterday

I saw you in the field playing with matches  
Running through smoking grass  
And the mountains, they were all  
They were all on fire  
You always keep it flowing through the glass

All I know is you look like diamonds  
Sparkling in the sunshine's twilight  
I look up to the sky and I wave to you, my friend, in the twilight, goodbye

God has spoken  
I know it took a little time  
To unwind this remedy  
Mammy's kicking all the children out da kitchen  
Go on get, go on get outside  
Bottle up a little Firefly

I don't think I ever wanna change  
Just a couple scatter brains  
It's just me, myself, and I  
Chains  
Layne  
Pain

You could've done something, but you f-ing did nothing  
Nobody knows anything  
And everybody is living inside a dream  
And I hate you, yeah, for dying on me

All I know is you look like diamonds  
Sparkling in the sunshine's twilight  
I look up to the sky and I wave to you, my friend in the twilight, goodbye

God has spoken  
I know it took a little time  
To unwind this remedy  
Mammy's kicking all the children out da kitchen  
Go on get, go on get outside  
Bottle up a little Firefly

I don't think I ever wanna change  
Just a couple scatter brains  
It's just me, myself, and I

Chains  
Layne  
Pain  
The same

Chains  
Layne

Pain  
The same  
As yesterday
