Running Out of Time

Puddle of Mudd

No one can stop us now
So don't push me aside
Never ever put me down
'Cause I don't want to run out of time

So don't you put me down
We're all on the same side
No one can stop us now
They can't see the truth because they're blind

Running out of time
We've all been left behind
People come and people go
We've all been high, but been so low
Running out of time

Put this shit aside
Leave the past behind
I know I've done so wrong
But I hope I've done all right
Why's it got to take so long
Forever's never really gone
I find my way to the other side

Running out of time
We've all been left behind
People come and people go
We've all been high, but been so low
Running out of time
I've been running out of time
You know we've all been left behind
People come and people go
No one ever really knows
Running out of time

She doesn't know where she's going
She don't know what to do with herself
We can't ever run forever
You can't hide forever
It's all never

She doesn't know where she's going
She don't know what to do with herself
We all can't run forever
You can't hide forever
It's all never

She doesn't know where she's going
She don't know what to do with herself
We all can't ever run forever
You can't hide forever

Running out of time
We've all been left behind
People come and people go
We've all been high, but been so low
Running out of time

```
I've been running out of time
You know we've all been left behind
People come and people go
No one ever really knows
Running out of time
```
