

# Pain

Puff Daddy

There's times in my life where I just  
I just wanna run away, I just  
I just wish the pain would stop  
I don't wanna cry no more  
I wish the pain would go away

Start a day, bad hands make it hard to deal  
Sometimes I wanna pull it, end it all with a bullet  
Hard to live life to the fullest with all this bullshit  
Mad as fuck, a nigga had enough  
From jump street, saw my father murder massacre slain  
One shot took half of his brain, I recapture the pain  
Twenty-three years, three when it happened  
Twenty-six now, still I can't stop the tears  
Then my mood switch, thinkin about this sheisty bitch  
Kinda funny cause they fake it when they callin you honey  
On your dick when they think a nigga, might be rich  
That's when I shit, cause I know you fuck with me for my money  
Learned the hard way, ain't no correctin the grief  
Baby moms starts sexin, my so-called beef  
Don't give a fuck if they Marked me For Death like Steven  
or relievin your breathin, long as I'm even 'fore I'm leavin  
Pain...

I wish this pain, would go away  
We're talkin about the kind of pain that  
I wish this pain, would go away  
just gets all up in your heart, and in your soul  
I wish this pain, would go away  
The kind of pain that makes you feel like you can't go on no more  
I wish this pain, would go away  
The kind of pain that I wouldn't wish on anyone

I can't relate to them cats who hold gats at the gate  
Is it my fate, am I that nigga, that they love to hate  
Solely, slowly, cause I rock a Roley they want my brain gone  
Cause of a fuckin chain on?  
Migraine's on, now the pain's warm, I stagger  
And I'm hopin I don't know the cat with the dagger  
Penetratin my heart, rushed thoughts etched in grief  
To the City College deceased may you rest in peace  
To the families, I never meant to cause no pain  
I know the truth, but if you want, then I shoulder the blame  
Overcome at times by uncontrollable flames, and multiple pains  
Now it seems like I'm goin insane  
For the love of you and hip-hop I expand the news  
But before my shit drops, I stand accused  
Don't you think I wish we all was rich?  
One for all it's pain to see your people when they all can't ball  
The pain..

I wish this pain, would go away  
I wish this pain, would go away  
I don't wanna give no more pain  
I wish this pain, would go away  
I don't wanna receive no more pain  
I wish this pain, would go away

God, please take the pain away

I can still hear the shots that left my man Big layin  
on my knees cryin and prayin, then I said  
"God why? Got to know how hard we try  
Don't let him die, please don't let my nigga be dead"  
But it was too late, California sealed his fate  
Gone now, hard to move on now, fuck making songs now  
Wish I could die, I could fly  
If they don't give a fuck, fuck it why should I?  
That's when Big spoke, pulled up in a glistening 3  
with platinum wings and said, "Puff listen to me"  
He puts his hands on my head and said "I live through you  
Make hits continuous, this is what we do  
I know it might be strenous and times is hard  
Just keep the faith cause now we rhyme with God  
Plus you owe it to yourself and don't forget the kids"  
That's when I opened up my eyes and new Bad Boy lives

I wish this pain, would go away  
I wish this pain, would go away  
One day the pain is gonna stop  
I wish this pain, would go away  
One day there's gonna be no more pain  
I wish this pain, would go away

I'm tellin you man  
now don't let these motherfuckers fuck your shit up God  
I don't give a fuck WHO it is  
Don't let em fuck yo' paper man, please Big  
Focus your mind man, do your albums, make them hot joints  
man fuck these niggaz man  
Fuck these niggaz man  
And I'ma tell the same thing to you  
When you get your shit done, watch your money, and  
hopefully, I pray for you, you be the shit  
And soon motherfuckers start screamin your name out  
like they screamin all these other, so-called hot niggaz  
Never take your eyes off that shit yo  
Try to get everything you can out of these motherfuckers yo  
Ain't no guarantee they gonna love you next year...

I wish this pain, would go away  
I wish this pain, would go away  
One day the pain is gonna stop  
I wish this pain, would go away  
One day there's gonna be no more pain  
I wish this pain, would go away  
One day the pain is gonna stop  
I wish this pain, would go away  
One day there's gonna be no more pain
