

## Constant Rotation

Puffball

Hey, I've got an energylevel that could bring down the nation.  
You gotta hold me down 'cause I'm on constant rotation.

You gotta put me in a cell 'cause I can't stand still.  
I'm running around in circles, that's my nr 1 skill.  
You should put me in a safehouse and then tie me down.  
Or you'll have a tornado sweeping over town.

Hey, I've got an energylevel that could bring down the nation.

You gotta hold me down 'cause I'm on constant rotation.

You gotta stun me now, I'm in a state of flux.  
I'm heading out with the power of monster trucks.  
Tune in to inspiration 'cause it's up for grabs.  
I'm out to turn some heads, I can't be put in straps.

Hey, I've got an energylevel that could bring down the nation.  
You gotta hold me down 'cause I'm on constant rotation.
