

# Everyone Learns To Forget

Puggy

You waste no time  
Telling me I ought to forget you  
Then leave gracefully  
Cause everyone learns to forget

Ooh...  
Everyone learns to forget

You don't know me  
Yet we've met here many times  
Then leave quietly  
And everyone learns to forget

Ooh...  
Everyone learns to forget  
Everyone learns to forget

Ooh...  
Everyone learns to forget  
Everyone learns to forget

A day longer than a year  
As far as you're never near  
Darker the skies appear  
And it was like it is  
And somehow you never knew  
What was inside of you  
You kept it inside of you  
And it was like it is

A day longer than a year  
More than we'll ever hear  
The songs you will never hear  
And it was like it is  
And somehow you never knew  
You built it inside of you  
So I could believe in you  
And it was like it is

A day longer than a year  
You knew I was never here  
You kept us inside my dear  
And it was like it is

I don't think you wanna know (4x)

Oh oh oh  
Like it is  
Like it is  
You don't wanna know  
(5x)
