

Goddess Gladys

Puggy

Far, way beyond the stars
She is out there in the dark
Gladys knows her thing
She knows how weak you are
She'll tear off all of your limbs
And finish with your heart
You know what I mean
Goddess Gladys
Never gonna let you have it
'Til you break down (2x)
Goddess Gladys
Tempted by the queen galactic
Will have you break down (2x)
She's nothing that you've seen
Oh, she'll ride you to your dreams
Goddess Gladys
Never gonna let you have it
'Til you break down (2x)
Goddess Gladys
Tempted by the queen galactic
Will have you break down (2x)
Goddess Gladys never gonna let you have it (4x)
Gladys makes you sing
Before she makes your starve
She'll tear off all of your limbs
And finish with your heart
Goddess Gladys
Never gonna let you have it
'Til you break down (2x)
Goddess Gladys
Tempted by the queen galactic
Will have you break down (2x)
Goddess Gladys
Never gonna let you have it
'Til you break down (2x)
Goddess Gladys
Tempted by the queen galactic
Will have you break down (2x)
