

## Lovesong for a Vampire

Pulsedriver

Come into this arms again  
And lay your body down  
The rhythm of this trembling heart  
Is beating like a drum  
It beats for you, it bleed for you  
It know not how it sound

For it is the drum of drums, it is the song of songs  
Once I had the rarest rose  
That ever deigned to bloom  
Cruel winter chilled the blood  
And stole my flower too soon

All loneliness, all hopelessness  
To search the end of time  
For there is in all the world  
No greater love than mine  
No other love, no other love, no other love  
Not other love, no other love, still falls the rain  
(Still for the rain) no other love, no other love  
No other love, no other love, no other love  
Still falls the night, no other love, no other love  
No other love, no other love, no other love  
Be mine forever (be mine forever) no other love  
No other love, no other love, no other love  
No other love  
Let me be the only one  
To keep you from the cold  
Now the floor of heaven is laid  
With stars of brightest gold  
They shine for all to see  
Come into this arms again  
And set this spirit free
