

## Lust

Puma Blue

I don't wish I was your brother  
And I'm so tired of being just friends  
I wanna be your lover  
Or at least something close to it

'Cause honey I tried  
To keep you away at night  
All just to crush those eyes

'Cause it's you  
I'm spiraling down into  
Falling away to blue  
Fading away too soon  
And I'll fade into a perfect shade of grey  
Falling in lust again  
Dreaming you into my bed

Oh we've got to stop it babe  
Before it's too late, before we  
Break these grey lines, before they wane

'Cause honey I'm so confused  
Could I fall away to blue  
Shook by the spell of you

'Cause it's you  
I'm spiraling down into  
Falling away to blue  
Fading away too soon, yeah  
And I'll fade into a perfect shade of grey  
Falling in lust again  
Dreaming you into my bed

'Cause it's you  
I'm spiraling down into  
Falling away to blue  
Fading away too soon (Yeah, yeah)  
And I'll fade into a perfect shade of grey  
Falling in lust again  
Dreaming you into my bed
