

## Pretty

Puma Blue

Find myself in bed with you  
Rub my lashes as I come to  
A silhouette never looked so good  
As yours laid with me

Feels like my head starts to spin  
Can't make sense of anything  
When you look back at me with those eyes  
And you're this pretty

Feel so pretty  
Feel so pretty  
I feel so pretty  
You make me feel so pretty

Collapse back in this lovers' bed  
Just for a while to clear my head  
Cos it's hard to trust anyone around you  
In the city

Guess I don't know what to do  
So scared that you'll see right through  
And I just don't dote on anyone  
Except you

Feel so pretty  
Feel so pretty  
I feel so pretty  
You make me feel so pretty  
When you're with me  
I feel so pretty  
Feel so pretty  
Yeah, you make me feel so pretty

Feel so pretty  
Feel so pretty  
And I'm not pretty  
At all
