

I pinned her to the wall and said  
I wanna take you home  
I wanna take you home, think about it  
She threw me to the floor and said  
I wanna take you home  
I wanna take you home, think about it

What's the center between two centers of attention?  
Is there a center between two centers of attention?  
All our attention between two centers of attention and then there's

Cause I'm a magnet  
And you're a magnet  
And we're pushing each other away  
We're pushing each other away  
We're pushing each other away  
Baby I'm a blank cheque  
And you're a blank cheque  
To whose order we going to pay?  
To whose order we going to pay?  
To whose order we going to pay?

I laughed away to tears and said what if you took me now  
What if you took me here, think about it  
She locked the hallway door and said  
You gonna take me now  
You gonna take me here, don't think about it  
But I've thought about it

What's the center between two centers of attention?  
Is center of attention is some center of attention?  
All our attention between two centers of attention and then there's  
Oh yes

Cause I'm a magnet  
And you're a magnet  
And we're pushing each other away  
We're pushing each other away  
We're pushing each other away  
Oh baby I'm a blank cheque  
And you're a blank cheque  
Our very own order to pay  
Our very own order to pay  
Our very own order to pay  
Cause we're pushing each other away  
We're pushing each other away  
We're pushing each other away  
We're pushing each other away  
Cause we're pushing each other away  
We're pushing each other away  
Baby I'm a magnet
