

Be Right There

Punchline

I see you burning bright
You're a wild card, you're candlelight
Don't let my ship get in your way
Use your flame, navigate before a tidal wave
A flicker of energy
Like an impulse to keep moving
Could your shoulders spread some wings
From listening to the ringing inside your being?

If it makes you feel like you're alive
And gives you meaning, you should try
To follow and see where it goes
(Ah-ah-ah)
But now you're looking at me
And I wholeheartedly agree
I want it so bad for you to see you rise above

I'm gonna be right there with you love
I'm gonna be right there with you love
I'm gonna be right there with you love
All the time, all the time
I'm gonna be right there with you love
I'm gonna be right there with you love
I'm gonna be right there with you love
All the time, all the time

So put it into a rhyme
As a means to get in your mind
But the psychosomatic feels
Tend to twist, tend to steal, tend to be very real

If it makes you feel like you're alive
And gives you meaning, you should try
To follow it and rise above

I'm gonna be right there with you love
I'm gonna be right there with you love
I'm gonna be right there with you love
All the time, all the time
I'm gonna be right there with you love
I'm gonna be right there with you love
I'm gonna be right there with you love
All the time, all the time

Yeah

I'm gonna be right there with you love
I'm gonna be right there with you love
I'm gonna be right there with you love
All the time, all the time
I'm gonna be right there with you love
I'm gonna be right there with you love
I'm gonna be right there with you love
All the time, all the time

I'm gonna be right there
I'm gonna be right there

I'm gonna be right there
I'm gonna be right there
