

Green Hills

Punchline

Green hills
Stand still
Gazing
Thirty acres
Soundtrack
The leaves
The breeze

Gardens
So wide
Two wheels
Flying down the
Steep path
The swing
The stream

Nothing's ever gonna work out quite the way
You think that it's gonna work out
Nothing's ever gonna work out quite the way you think
It's gonna be different than you ever could have imagined
It's gonna be different

Soft light
The clouds
Look like
Animals and
Faces
Of Presidents

Lions
And the
Profile of
John F Kennedy
Wrapped up
In robes
Of white
