

## Rewind

### Punchline

Take this tape: a soundtrack to my brain  
Of things that I just can not say to you.  
It's boiling up. I'm on empty. you can't see the scars inside.  
All I know is I'm unknown by these things I can not say.

Rewind.  
Cause pausing won't cut it this time.  
You're mine.  
So why can't you understand my mind?

You've gone way too far tonight.  
You've gone way too far tonight.  
You look confused. that is nothing new.  
Trace he steps. read the text.

Rewind.  
Cause playing won't cut it this time.  
Switch sides.  
Why can't you understand my mind.  
Just this one time.

(Rewind this time.)  
Take this tape. throw it down.  
Pick it up and run around.  
Watch it fall. now I see.

(Rewind this time.)  
Take this tape. throw it down.  
Pick it up and run around.  
Watch it fall. now I see.

(Rewind this time.)  
Take this tape. throw it down.  
Pick it up and run around.  
Watch it fall. now I see  
What have you done
